NEWSROOM NOTES — There's still time to protect yourself and your family against influenza in the winter of 1964-65.

Ideally, the flu vaccine should be given in two shots, about two months apart. However, it is best to complete the schedule by mid-December. If you're a late starter, even a single dose can afford significant protection, which is enhanced by a second dose two weeks later. If you had the two-shot series within the past year, a single booster will suffice to rebuild immunity.

How good is the flu vaccine? Not perfect, but good. Carefully controlled tests have shown the vaccine to be 60 to 80 per cent effective against the disease. And this season more virus strains have been added to the vaccine, to guard against more types of influenza.

Immunization is especially recommended for three "high risk groups," those who have experienced high mortality from flu epidemics. These are (1) Persons at all ages who suffer from chronic debilitating disease; (2) Persons in older age groups, particularly past 65; (3) Pregnant women.

Since the vaccine viruses are grown in eggs, the vaccine should not be taken by those who are hypersensitive to eggs or egg products.

If you're not vaccinated yet, and you're considered to be in one of the "high risk groups," ask your doctor now.

Isaacs Probe Recessed

SPRINGFIELD (P) — A Sangamon County grand jury probe of conflict of interest allegations involving Theodore Isaacs has recessed until Monday.

Isaacs, former state revenue director, is expected to be called to testify for the sixth time when the session resumes.

State Finance Director James Roman appeared voluntarily before the jury Thursday. He said he answered questions regarding hiring practices and personnel in his department, which purchases most of the state's printing, stationery and office supplies.

J. Richard Bockelman of Chicago, law associate of Isaacs, also was a grand jury witness Thursday. Bockelman, who had refused earlier to answer certain questions in an earlier appearance, was ordered by Circuit Judge Howard White to give the answers.

The investigation, which began more than three weeks ago, is seeking to determine whether there was a conflict of interest in connection with state envelope contracts.

Isaacs has said he received fees from the Cook Envelope and Lithographing Co., which was awarded more than \$1 million in envelope contracts between 1961 and 1963.

NINE KEY PLANTS

UAW Strikes Ford Today

DETROIT (P) — The United Auto Workers Union struck nine key Ford Co. plants today over unsettled local agreements.

The UAW shut down four assembly plants, two stamping plants and three parts manufacturing plants as some 25,500 hourly employees walked out. Ford said strikes at the assembly plants cut the company's daily auto production by about 16 per cent and truck production by about 34 per cent.

If the strike continues at the company's parts plants, a spokesman said, this would affect auto production at other assembly plants.

Ford had an estimated 32 selling days' supply of cars and a 38 selling days' supply of trucks on hand. Malcolm L. Denise, Ford vice president and chief negotiator, said: "The strikes called this morning against Ford Motor Co. are completely unnecessary. 'In most of these local negotiations which have failed to produce settlements the union is seeking concessions from the company that would restrict its right to manage the plants efficiently.'"

Ken Bannon, the UAW Ford Department chief, said "in every instance where an unresolved issue has prevented a settlement, a settlement on that question has been reached at another plant. The Ford Motor Co. will have to answer for its attitude not only to its own employees but to the public because this strike makes absolutely no sense."

The strikes today shut down assembly plants at Louisville, Ky., and Dallas, Tex., truck and auto assembly units at Wayne, Mich., and manufacturing plants at Ypsilanti and Sterling Heights, Mich., and Buffalo, N.Y.

At the St. Louis assembly plant, a strike deadline of 11 a.m. Monday was set. A Ford spokesman said, "They apparently were so close to agreement they decided to put off using their strike authorization." The UAW said it had authorized a strike at a stamping plant at Bedford, Ohio, but the unit reached local agreement this morning.

Ford has about 160,000 production workers and a total of 90 bargaining units around the country. In recent weeks the company's 17 assembly plants have been producing about 10,000 cars and 1,800 trucks a day.

Ford and the UAW reached tentative agreement Sept. 18 on a new three-year national labor agreement. Today's strikes came over local contracts which supplement the national pact and generally cover at-the-plant working conditions.

With only two local agreements outstanding, General Motors was striving to make up its estimated production loss of 450,000 cars after its month-long national strike and subsequent local walkouts. GM's October sales fell 52

Barry Leaves For Vacation

PHOENIX, Ariz. (P) — Sen. Barry Goldwater took off today on a flight to Washington for a brief business stop before going on a vacation, reportedly to Jamaica.

Goldwater, accompanied by Mrs. Goldwater, had no comment for reporters as he left.

Mariner Fails To Shed Shield

CAPE KENNEDY, Fla. (P) — The stricken Mariner 3 spacecraft whirled through space as a helpless hulk today, unable to fulfill its mission as the first spacecraft to probe the planet Mars.

With Mariner 3 a \$25-million loss, the National Aeronautics and Space Administration turned attention to Mariner 4, a twin spacecraft which officials hope to launch within two weeks.

Exact date for the launching depends on evaluation of information from Thursday's failure. The space agency has until Dec. 1 to fire the Mariner 4 rocket. After that, Mars will not be in position for a launching until December 1966.

Mariner 3 was to have crossed 350 million miles of space in 8½ months, skimming within 8,600 miles of Mars next July 17. During a brief encounter with the planet, the craft was to have snapped pictures and gathered scientific data.

There were indications that failure resulted because a fiberglass shroud did not separate from the spacecraft. The shroud was designed to protect Mariner 3 from aerodynamic stresses during the upward push through the earth's atmosphere, then was to eject.

Jack N. James, Mariner project director, said early today the shroud may not have separated cleanly and somehow "hung up" on the spacecraft.

A fuller evaluation of the data, to take several days, should pinpoint the exact cause of the failure in time to make a correction for Mariner 4, James said.

James said failure of the shroud to eject could account for an initial report that the Atlas-Agena D rocket's second-stage shutdown prematurely

Explorer 23 Orbits

WALLOPS ISLAND, Va. (P) — The space agency launched a cylindrical satellite into orbit today and promptly designated it Explorer 23.

Scientists turned on all the experimental equipment aboard the 8-foot-long, 2-foot diameter spacecraft by radio command signals from the ground, and reported that all were operating successfully.

The National Aeronautics and Space Administration said 2½ hours after the launching that it had confirmed that the 295-pound satellite was in orbit and gathering information on meteoroids in space.

The space agency hoped to orbit the satellite between 285 and 637 miles from earth. Its assignment is to obtain data needed to design spacecraft efficient enough to operate in space for long periods.

The National Aeronautics and Space Administration said in advance of the launching that it hoped the satellite would have a useful life of one year.

The satellite roared from the launching pad at 7:02 a.m. aboard a four-stage Scout rocket. NASA reported shortly afterward that all four rocket stages had fired as planned.

It is one of the Explorer series and is a successor to Explorer 16, launched Dec. 16, 1962.

Premier Asks for Chance

SAIGON, South Viet Nam (P) — Premier Tran Van Huong called on the Vietnamese people by radio tonight to give his two-day-old government a chance to rule before tearing it to pieces.

Huong urged unity and national discipline to save the nation from communism. He spoke as various religious and political elements appeared to be planning an all-out campaign against his civilian regime. Student demonstrations were expected this weekend and the situation was tense.

Huong conferred earlier in the day with U.S. Ambassador Maxwell D. Taylor on the problem. U.S. officials are known to be deeply concerned about the new crisis that appears to be developing.

"I urge all persons of all classes," Huong said, "especially religious groups, political parties, youths and students and the whole people to help us restore the authority of the country and to restore discipline in building up the country against communism."

"As for the government, as many people have noticed, it has some weaknesses that displease some people. But these people are persons of good will who must take into consideration that this is a transitional government made up of brave people who will not hesitate to answer to the people when the country is in danger."

At a noisy meeting, the student group that initiated demonstrations which led to the resignation of Premier Nguyen Khanh called for dissolution of the new government.

The students were reported displeased with the regime's announced policy of separating politics from the classroom.

The key speaker at the student meeting was to be Nguyen Xuan Chu, who resigned as chairman of the High National Council Thursday because political factions were not represented in the new cabinet. He said it therefore could not be representative.

Father Kiem, a leading member of Father Hoang Quyen's Roman Catholic faction, said Catholics and Buddhists are prepared to unite against the new government.

He said both faiths were dissatisfied because Premier Tran Van Huong had not consulted religious leaders before forming his new government.

He also said that two other influential sects, the Hoa Hao and the Cao Dai, were also opposed to the government.

Buddhist spokesmen declined to comment.

Weather Mild Again

CHICAGO (P) — The weather in Illinois was mild again today after a freezing touch in some sections during the night.

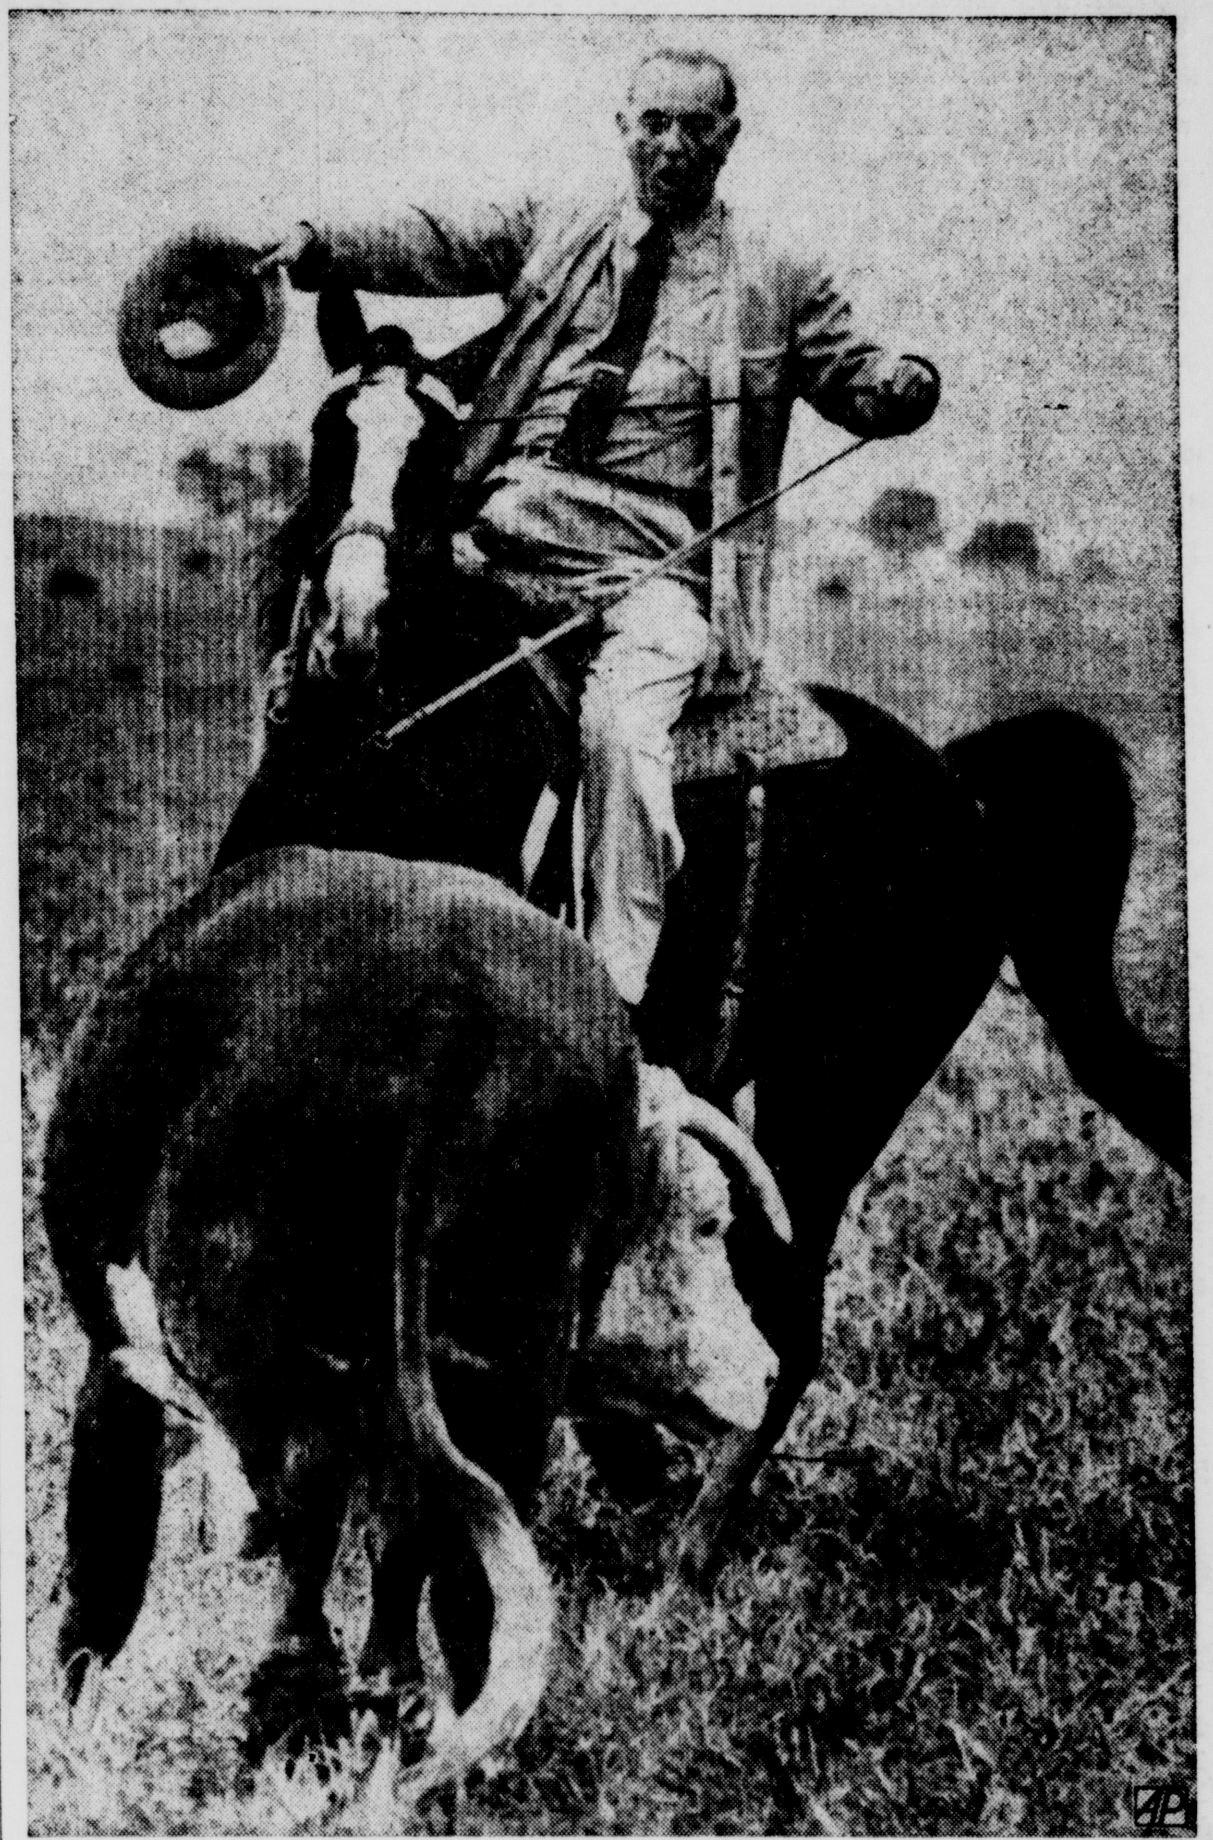

Temperatures in the 30s and 60s predominated. The sky was cloudy over much of the state. Rain was expected in the southern portion before Saturday.

Chicago's lakefront thermometer in Grant Park showing 42 at the low point and O'Hare Airport a few miles northwest registered 26.

Counters Plug Away at State's Orange Ballots

CHICAGO (P) — Speed was the keynote in naming winners in Tuesday's election, but not in Illinois.

Teams of counters plugged away today, three days after the voting, on the mammoth job of determining the 177 winners from 236 at-large candidates for the Illinois House of Representatives.

The candidates were listed on an orange-colored paper ball, three feet long, and voters could pick as many of the candidates as they wanted, up to the 177 limit.

It was the first time in the country's history that a legislative chamber was elected from an entire state, rather than from districts.

Although some the smaller of the state's 102 counties had their votes tallied Thursday, counting in the larger cities, especially Chicago, dragged on, with the end still several days off. By Thursday only about one-third of the vote in the densely populated Chicago area had been counted.

Political parties accused each other of delaying the counting, and in Chicago three Democratic candidates filed suit in Circuit Court charging that the Republicans were delaying the count by failing to provide enough tally clerks.

Democratic Mayor Richard J.

Daley of Chicago accused the GOP of a "determined slowdown" in the counting. Republicans blamed the confusion on the Democrats and called for two 10-hour shifts each day, instead of the around-the-clock marathon.

State law provides that the two major parties be responsible for providing tallying teams. Some 12,000 extra employees were

recruited for the Cook County Chicago tally in 31 counting stations.

Outside the Chicago area, officials reported that the counting was nearing an end. St. Clair County, across the Mississippi river from St. Louis, was halfway through its 132 precincts. Officials said there would no letup until

Straight Ticket Votes Counted in Lee County

After more than 32 hours of continuous counting, Lee County Clerk John Stouffer today announced the five four-man teams have finished tabulation of the Lee County House of Representatives ballots . . . straight ticket voters only.

The final, but unofficial, tally on the orange "bed-sheet" ballots was completed about 2 a.m. today.

Results of the straight ticket voters showed Republican nominees more than 2,500 votes ahead of their Democratic opponents.

The count gave the Republicans 7,864 votes and the Democrats 5,398.

It will be some days, however,

before the total official count is completed.

Still left to count are all the split tickets and Stouffer could give no indication as to how long it will take.

"We completed the straight ballots sooner than we anticipated," said Stouffer, "but with all the split tickets, we have no idea how long it will take."

"The counting teams, five of them with four counters each, certainly did a good job tallying the straight ballots," said Stouffer.

The twenty counters are made up of ten members each from the two political parties.

Fight for Control of GOP Party Breaks Into Open

WASHINGTON (P) — Richard M. Nixon has fired at Gov. Nelson A. Rockefeller as a "spoilsport" and been called "peevish" in return as the fight for control of the Republican party breaks into the open. But like former President Dwight D. Eisenhower, they appealed for unity.

The party struggle — essentially an effort by moderates to wrest control from Goldwater conservatives — had been pretty much off-stage until Thursday. But then, at a news conference in New York, Nixon spoke up.

The former vice president, who campaigned widely for Barry Goldwater, said Rockefeller, who was cool to the Arizona campaign, "got his pound of flesh."

The New York governor, said Nixon, was the "principal divider" of the Goldwater campaign. And, Nixon continued, the party's future rests with "unifiers rather than dividers."

Rockefeller is vacationing in Spain, but a spokesman in New York released a statement calling Nixon's remarks a "peevish, post-election utterance."

Said the New York governor, a

member of his party's liberal wing: "This is a time for constructive rebuilding of the Republican party as a vital force in the mainstream of American political life. Mr. Nixon's latest maneuver is hardly calculated to advance this effort."

Party moderates are expected to press their drive for control of the party at a governors conference next month. And, if they make any headway, they can be expected to pull out the stops at a meeting of the Republican National Committee in January.

Goldwater said at a news conference Wednesday that he wants to keep the party on a conservative course.

Gov. Robert E. Smylie of Idaho, who already has said the GOP "must move toward the center of the political spectrum," announced Thursday he plans to call a meeting of the Republican Governors Assn., about Dec. 1, probably in a Midwestern city.

Here the 17 Republican governors can be expected to chart a course for reviving the party from the crushing defeat it sus-

tained last Tuesday with Sen. Goldwater on the bridge and Goldwater men at the helm. The GOP carried only six states.

Only on the governors' level did the Republicans have something to cheer about amid the carnage of President Johnson's landslide victory. They gained one statehouse. And in the re-election of Michigan's Gov. George Romney despite a Democratic sweep of the state, some professed to see the building of a possible presidential candidate.

That the party needs a new

face was the consensus of many of its leading lights as they picked their way among the ruins. A notable exception was Goldwater's running mate, Rep. William E. Miller of New York.

In Augusta, Ga., where he was on a golfing vacation, Eisenhower called for period of consultation among party leaders to discuss the GOP image—an image which Eisenhower said "has confused so many of our citizens and led them to think of it as a political doctrine designed primarily for the rich and privileged."

Henceforth, Eisenhower said, the GOP must represent a wide spectrum of political thinking.

As for Nixon, Eisenhower described his vice president as a man "of great ability and great astuteness who would play a great part in unifying the party."

In Harrisburg, Pa., Gov. William W. Scranton, who tried to head off Goldwater for the nomination and was snowed under, refused to describe Johnson's victory as a repudiation of Goldwater's philosophy.

Discussing the campaign at a

news conference, he said that where "traditional Republican principles" were used they "were not repudiated." And, looking ahead, he said the first big job facing the GOP is erasing the impression "that it is opposed or indifferent to so-called ethnic or minority groups."

Scranton said he favored a meeting of the Republican governors — and so did Romney at a news conference in Lansing, Mich. Romney said he discussed the matter by telephone with Rockefeller.

Attend the Church of Your Faith Regularly

HOW DOES LIFE GET SO TANGLED?

Interesting thing about a rope—it rarely becomes tangled when it's serving some useful purpose. It stretches firm and taut . . . reaching . . . holding.

But lay the rope aside . . . waiting without a purpose . . . and it becomes so tangled you can't even find the ends.

Life is like that! For some folks it seems an impossible tangle of conflicts, worries and disappointments. They haven't discovered how to devote their strand of years to a vital, constant purpose.

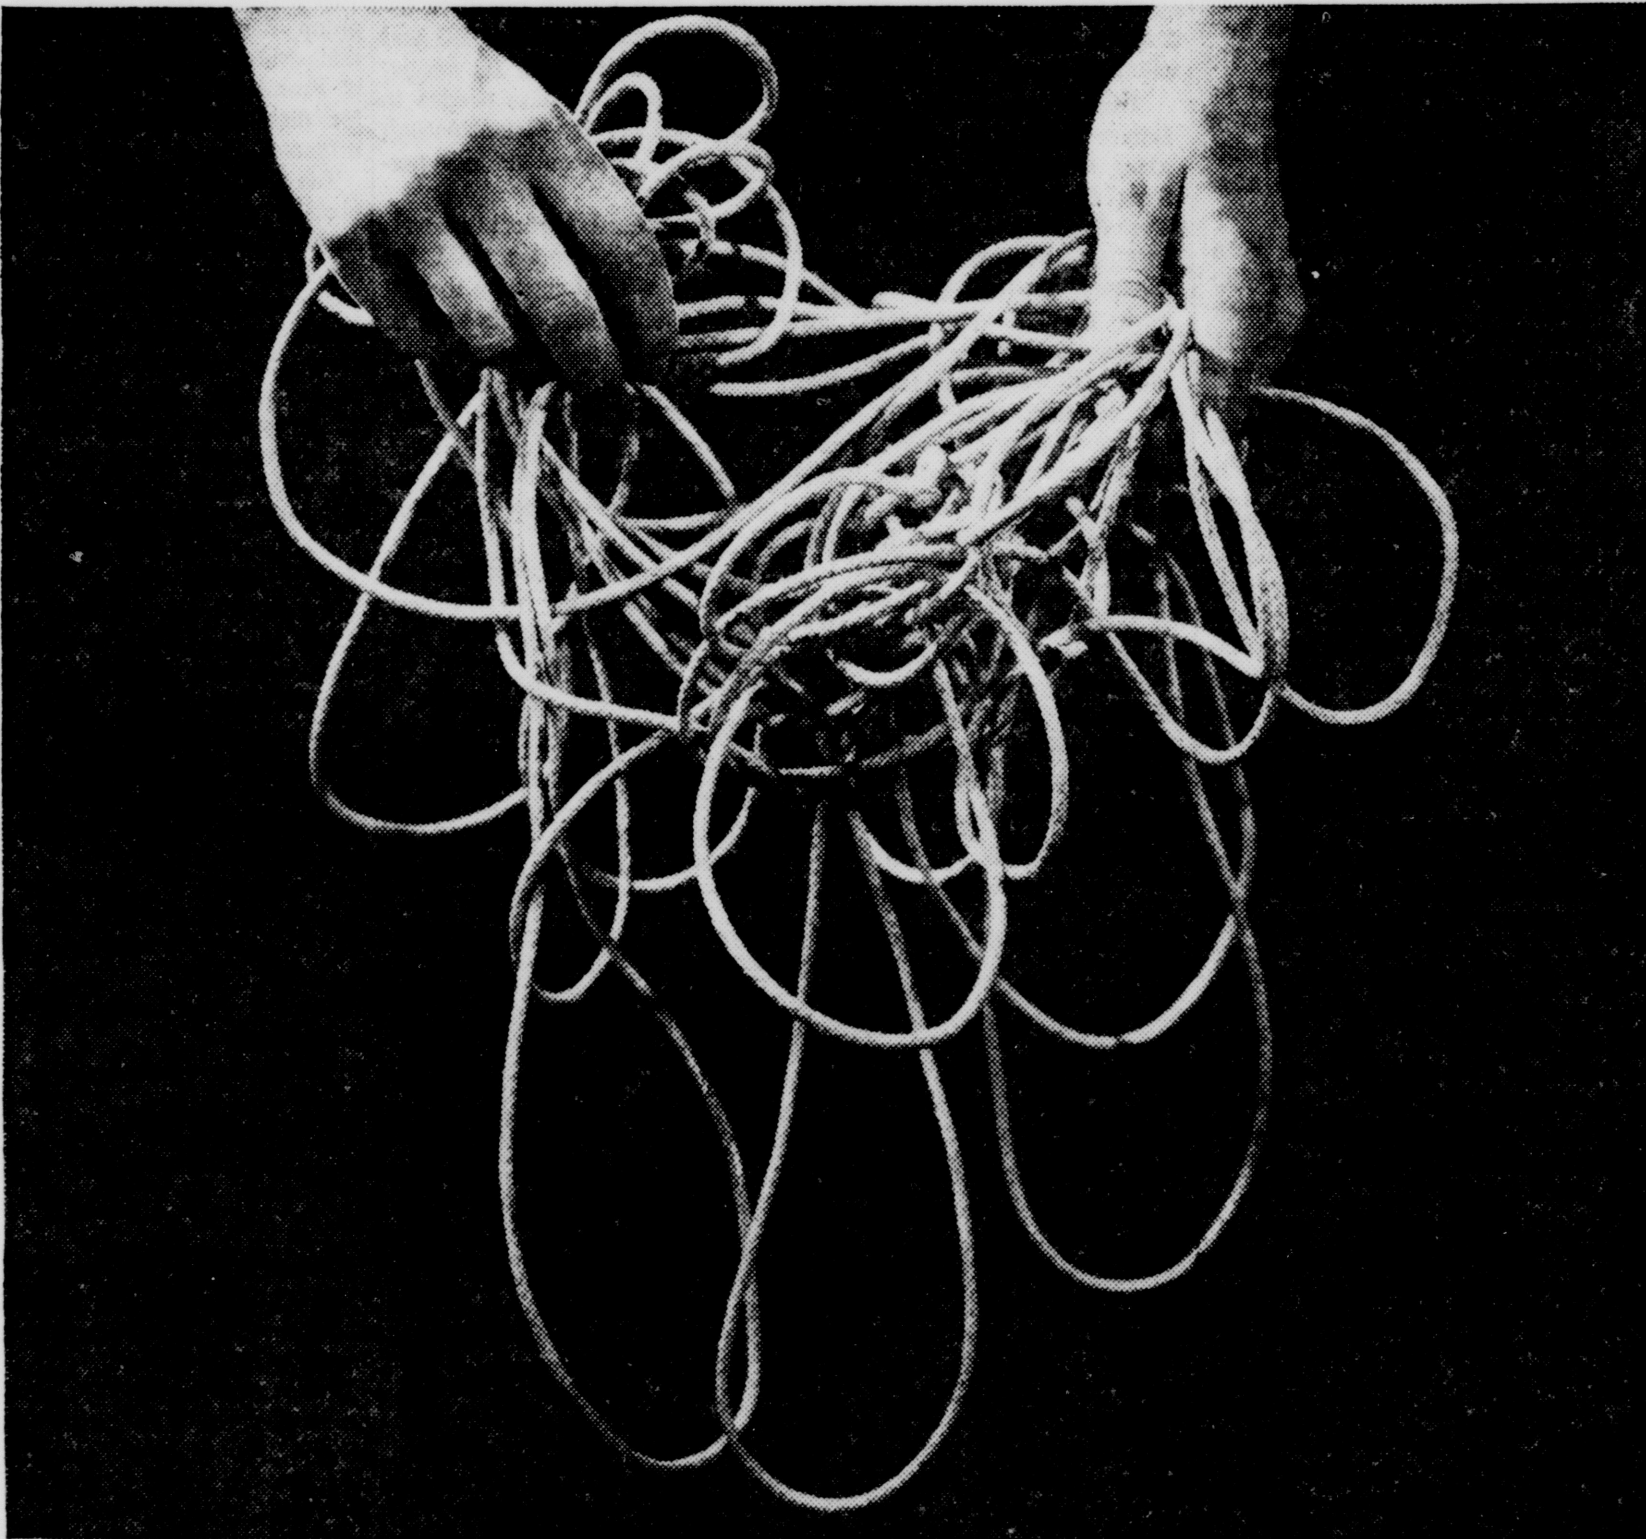

But for others life stretches firm and taut from birth to Eternity. The tangles disappear as men reach across time to hold certain the truths by which God would have us live.

Life without tangles . . . life with purpose . . . discover it in Church next Sunday!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Christ's Church HAS TO BE Infallible!

Many people challenge the claim of the Catholic Church that it is infallible in matters of religion. "No human being is perfect," they will say. "No institution run by human beings can be infallible."

Many believe the Bible fills this need. However, since numberless fallible people interpret the Bible... and often in direct conflict with each other, the Bible cannot supply the need of an unquestioned source of Christ's teachings. For Catholics, the infallible source is the Catholic Church, established for that purpose by Christ Himself.

The Church is the infallible source of religious truth because it was established by the Son of God for that purpose. We know from the New Testament that Christ instructed Peter and the other disciples to "teach all nations"... that He gave them the power to forgive sins in His name... that He appointed Peter the first head of His Church... that He promised to send the Holy Spirit to guide and protect the Church against human errors and the assaults of evil forces.

Peter was divinely appointed to be the shepherd of the flock of Christ. In his lifetime, he was so recognized by the disciples and by the early Christians. He was also, according to Holy Scripture, instructed by Jesus to appoint others to spread Christ's teachings to succeeding generations. This continuation and succession of authority was obviously necessary if Christ's Church was to fulfill His promise to endure for all time and against all enemies.

We know that Peter was the first Pope of the Catholic Church... that all of the Popes down through the centuries are his successors... that the Church which existed as Christ's Church for the first Christians is the Catholic Church as it exists today.

Everyone, of course, has the obligation to follow his own conscience in seeking the truths taught by Jesus Christ. This, we sincerely suggest, should include an investigation of the claims of the Catholic Church, which, significantly, is the only Church on earth making the claim to be Christ's true Church—one, holy and infallible in its promulgation of the message of the Son of God. You may ultimately, and sincerely, disagree with us, but nothing is more important than finding an infallible source of Christ's truth. We hope you will investigate.

Judgeship Races Appear To Be Going to Demos

CHICAGO (AP) — The race for three judgeships in Illinois' four Appellate Court districts appeared to be going to the Democrats by narrow margins, according to the latest unofficial totals.

Republicans and Democrats each garnered one of two Appellate Court clerkships being sought.

With 1,248 of the 1,261 precincts in the 13-county 2nd Appellate District counted, the Republican party seemed the sure winner in an unofficial tally. Candidates for judge and their totals were:

Mel Abrahamson of Naperville 337,942; Charles H. Davis of Rockford 342,641; and Thomas J. Moran of Waukegan, 342,692. The losers were Democrats Thomas A. Keegan of Rockford, 240,594; Harold C. McKenney of Crystal Lake, 234,151; and William M. Carroll of Woodstock, 243,180.

In the 3rd Appellate District, with 1,156 precincts reporting from 1,243 precincts in the 21 counties, the three Democrats won judgeships. An unofficial tally showed Jay J. Alloy, Peoria, 266,643; Allan L. Stouder, Kank-

ke, 265,015; and John R. Coryn, Moline, 262,675.

The GOP losers in the 3rd District, which includes northern and central Illinois counties, were Robert L. Burhans, Peoria, 245,319; James W. Barr, Joliet, 244,432; and A. J. Scheinman, Sterling, 243,208.

The six-man contest for the three seats in the 4th Appellate District produced one certain winner, but a tight race among four other contestants for the two other seats.

With unofficial returns from 1,331 of the 1,361 precincts in the 30 counties, a tally showed Republican Samuel O. Smith of Girard leading with 244,374 votes. Stanley Thomas, Springfield Republican, had 242,391; Harold F. Trapp, Lincoln Democrat, 241,977; Democrat James C. Craven of Springfield, 241,072; Democrat Fred W. Reither, Beardstown, 238,480; and Republican Albert Saikley of Danville, 234,596.

Three Democratic candidates had a strong lead in the 5th District Appellate Court race, which covers 37 counties, mainly Southern Illinois. An unofficial tally with returns from 723 of the district's 1,347 precincts, showed Democrats George J. Moran, Granite City with 155,332; Edward C. Eberspacher, Shelbyville, 154,729; Joseph H. Goldenhersh, East St. Louis, 154,573. Trailing were Judge Peyton H. Kunce, Murphysboro, 110,966; Standford S. Meyer, East St. Louis, 110,027; and James B. Wham, Centralia, 109,412.

Winner of the race for clerk of the 2nd District Appellate Court was Republican Howard K. Kellert of Aurora, who polled 346,052 votes over his opponent, Joseph J. Zefran, Aurora, 232,139, in returns from 1,252 of the district's 1,261 precincts.

In the 3rd District Appellate

clerk contest, Democrat J. Lindo Silver of Marseilles held a slim lead over John E. Hall of Sterling. Silver had 238,333 and Hall 231,369 in returns from 1,091 precincts of the 21-county 1,243 precinct district.

Proposals Lose by Default

CHICAGO (AP) — Proposals to require annual sessions of the Illinois General Assembly and for special legislative power in time of emergency lost by default in Tuesday's election.

The referendum, submitted to voters on a small blue ballot, failed to attract the required two-thirds of those voting on the propositions or simple majority of those voting in the general election.

Incomplete returns gave the shift from biennial to annual legislative sessions 1,683,118 votes in favor with 934,995 voting against it.

The emergency powers proposal had 1,574,445 yes votes and 1,020,110 against it. The total cast in Illinois was estimated at 4.5 million.

Patrolman Resigns in Rochelle

ROCHELLE — John Clark, 28, Creston, resigned from the Rochelle Police Force Thursday. His resignation was to become effective Nov. 14.

His resignation is apparently not related to the resignation Thursday of Richard Kruger, another Rochelle policeman. Kruger, who had been charged with misconduct of office by Bill Cipolla, commissioner of public health and safety, said in a letter to the Rochelle Police and Fire Board that he was resigning "in the best interests of the police force."

Clark told the board he was resigning because he was getting married and moving to California. He had been a member of the force for six months.

the count is completed today or Saturday.

Democrats and Republicans nominated 118 candidates each for the at-large election under an agreement reached last spring to insure minority party representation.

The ballot — compared in size with a bath towel — snarled polling places Tuesday for an estimated total of 4.5 million voters in the state. Officials placed a nine-minute limit on each voter, but still lines weaved through doors and down sidewalks.

The at-large election resulted from the state's failure to reapportion the House districts based on 1960 census figures.

Theft of Weapons Probed

Lee County Chief Deputy Sheriff Jack Van Meter today is investigating the reported theft of at least two shotguns, a rifle and several boxes of shells from the home of Richard Butler, 1207 River Rd.

Butler told the sheriff's department the equipment was missing from the house after he returned home last night after being away for a few hours.

Butler said the house was locked although no sign of forcible entry was found, and it is believed the thief entered through an unlocked kitchen window.

The burglar apparently was only after the guns and shells as other valuables in the house were untouched.

Like Page Out of Buck Rogers

HOUSTON, Tex. (AP) — Today's program at the third Manned Space Flight meeting was like a page out of Buck Rogers.

Manned Mars missions, moon bases, and a Venus flyby were subjects of papers prepared for presentation.

The apparent failure of the Mariner 3 Mars flyby Thursday failed to put a lid on plans for a manned mission to Mars in the 1970-75 period.

Franklin P. Dixon, advanced space systems manager for Philco Corp., told the 2,000 space scientists and engineers about the proposed trip.

Robert L. Sohn, of the TRW Space Technology Laboratories, Redondo Beach, Calif., described a return trip from Mars by swinging by Venus to slow the spaceship down for re-entry to earth.

Dixon's plans for a Mars exploration would place three men on the planet for a study of the atmosphere, gathering of samples and data, ascent, rendezvous and docking with the mother ship.

The three men would stay on the planet for 40 days, Dixon said.

Sohn said the spaceship would swing by Venus and the gravitational field of that planet would slow the spaceship.

PHILADELPHIA (AP) — Frank Rizzo, bartender at the Swarthmore Hotel, called the Pennsylvania Society for the Prevention of Cruelty to Animals Thursday to report a monkey in the bar and dining room.

Rizzo asked that no one come for the monkey until after 2:30 p.m. — "after the lunch patrons leave. We don't want to disturb them."

Huge Cavern

LAS VEGAS, Nev. (AP) — A nuclear blast has burned out a huge cave 1,320 feet underground in a test of new ways to get at oil and mineral deposits. The cave is big enough to hold a 20-story building.

A 20-foot-high spurt of dust, kicked up by the jolt, was seen over the Nevada test site Thursday, but Atomic Energy Commission scientists said no radio-active material escaped.

Program by Mrs. Burchell Is
Highlight of Phidian Meeting

Mrs. R. Laurence Burchell, Aurora, the former Clara Gwen Bardwell of Dixon, was guest speaker at Tuesday afternoon's Phidian Art Club meeting in Loveland Community House and was introduced by her close friend, Mrs. R. E. Erikson, Grand Detour.

Mrs. Burchell is the daughter of a former Phidian member, Mrs. Gwendolyn Bardwell, and is a granddaughter of Mrs. Clara Utley Bardwell, a charter member of the club and its fifth president.

Her program entitled "Nigerian Summer," followed a business meeting conducted by Mrs. William McNichols Jr., president, and was a fascinating account of her recent visit in Nigeria with her son-in-law and daughter, Mr. and Mrs. Halfden Johnson, faculty lecturers at the University of Nigeria.

An African republic approximately the size of Texas, Nigeria has a population of 59,000,000 and has a modern airport at the capital city, Lagos, located on the tropical southern coast. Mrs. Burchell enthusiastically described the luxurious flowers and abundant fruits found in Nigeria, and was particularly impressed by the friendliness of the people. She also described the attractive new buildings composing the University of Enugu where her daughter, Margot Johnson who has a degree in journalism, is currently teaching and supervising the publication of the first college newspaper in Africa.

Mrs. Burchell also displayed a collection of Nigerian art and handicraft items made of ivory, leather and reptile skin by the

atives, and swaths of fabrics in colorful prints used in clothing worn by Nigerian women.

Although English is the predominant language in Nigeria, hundreds of native dialects are spoken. Since there are no established free public schools, education is costly and incomes are very low. A strong desire for education is prevalent among the people, and they welcome American teachers.

During her visit, Mrs. Burchell accompanied the Johnsons on a 1,700 mile trip through thickly populated and remote areas of the republic and had an excellent opportunity to observe both modern and primitive modes of living.

The program was followed by a tea arranged by the afternoon's hostesses, Mrs. George Bort and Mrs. W. E. Beamblossom, when refreshments were served from a table centered with an arrangement of autumn fruits. Presiding at the table were Mrs. Howard Edwards Jr. and Mrs. Richard E. McCarthy.

Moscow's Pravda, the party newspaper, means Truth. Izvestia, the government newspaper, means News. And someone long ago coined the phrase: "There is no pravda in Izvestia and no izvestia in Pravda."

At this moment, however, they reveal important tips to us. With Khrushchev kaput, the Kremlin's ideological laundry has been scrubbing hard on both papers. While the Soviet leaders coo meaningless reassurances to Washington, new Red facts glow like campfires. The party line is being set within the U.S.S.R. for a rapprochement with Red China.

It is impossible to overstate the importance of this prospect. It is equally impossible to overstate its effect on our foreign policy. Down comes baby, cradle and all.

Our policy has proceeded — hook, line and sinker — on the idea that the split with Red China would somehow solve our Soviet problem and its main dangers for us, and that this split was irreconcilable.

This wishful thinking would have been bad enough if it were merely the convenient dream of mistaken theorists with soaring foreheads, but it is the fundamental basis for our government's concept of the cold war. To err may be human, but to be that deep in error is dangerous on a scale that allows no comfort even to those who have protested that this concept was false and could justly say, "I told you so."

Pravda leads Izvestia in policy declarations and the current revelations now appear as slogans to guide party officials at the great Nov. 7 celebration of the 1917 Revolution.

Russia and Red China were as close as wallpaper to a wall and spoke with one voice at the 1960 Moscow conference of 81 Communist parties. The Sino-Soviet "sing along with Mitch" result was their universally adopted slogan of the "united anti-imperialistic front." But when dissensions and bickerings bobbed up the Soviet dropped this slogan. And

The Doctor Says

By Wayne G. Brandstadt, M.D.
Newspaper Enterprise Assn.

Q—A few months ago I had five X-ray treatments for bursitis of the shoulder. They cured my bursitis but almost immediately afterward I lost my sense of taste. Could the treatments have caused this?

A—In most persons who complain of a loss of taste it is the sense of smell that has been lost. Taste per se, which is appreciated by the tongue, is limited to sweet, sour, salty and bitter. This sense may be lost in diseases of the tongue or the nerves that supply it. The "taste" of flavors is lost in diseases of the nose or olfactory nerve. X-ray treatments to your shoulder would not cause either of these sensory losses.

Q—My doctor is giving me Rautrax-N for high blood pressure. Does it have any side effects and can it be bought without a prescription?

A—Rautrax-N is a combination of rauwolfia and a diuretic. The combination allows for a lower effective dose of both drugs and this lessens the chances of undesirable side effects. It should not be taken by persons with severe kidney disease. The drug is a great help in reducing the blood pressure but it cannot be purchased "over the counter."

Q—I am taking Salutensin to bring my blood pressure down. Does it have any side effects?

A—This preparation, like Rautrax, is a combination of a diuretic, reserpine (a rauwolfia derivative) and protaverine. By combining these drugs it is possible to keep the dose of each of them well below a dangerous level. This preparation should not be used, however, with digitalis and if you have frequent skipped beats. Even though this is not a symptom to cause alarm, you should stop the drug or reduce the dosage. Too large a dosage may cause nausea, dizziness, nasal stuffiness or general peppiness.

Q—My doctor says I have radiculitis of the spine. Could you suggest anything that would help me?

A—You have an inflammation of the root of one of the large nerves that emerges from your spinal cord. Movements of the spine usually cause pain and when the pain is severe a back brace or body cast may have to be worn. Meanwhile your doctor should search for and remove the cause, if possible.

trayal in the Congo" when the Soviet did not more fully support the Red factions there.

Now Russia returns to the Chinese line, blasts African "colonialism and imperialism" in words that might as well have been written in Peking and promises new support to "the Congolese peoples struggling against internal and foreign reaction."

The gap between our policy's representations and the ugly facts has widened greatly.

BERRY'S WORLD

"Do you have a 'thank you card' to send to someone who sent me a 'thank you card' thanking me for sending a 'thank you card' which thanked her for sending me a card?"

Dear Ann:

By ANN LANDERS

Dear Ann Landers: Because we of the family relations division of the Twelfth Circuit Court of Connecticut are aware of your concern for all children, and because we know that a vast number of faithful readers are influenced by your splendid advice we are sending you a copy of our "Ten Commandments" of proper conduct for separated parents.

As family relations officers we work not only with separated parents, attempting to reconcile them, but we also set support amounts and visitation hours, arrest non-supporting parents, and investigate domestic situations.

These "Ten Commandments" were drafted after we received thousands of complaints from separated parents in regard to visitation problems and other aspects of separated living. We have noted a sharp drop in the number of complaints since these rules have been made available to both separated parents.

You have my permission to re-print the list in part or in full. And please keep up the good work, Ann. Your top-notch advice to your readers is more helpful than possibly even you realize. —THOMAS H. ELLIOT, FAMILY RELATIONS OFFICER, 12th CIRCUIT COURT OF CONNECTICUT

Proper Conduct of Separated Parents
To Husband and Wife: As you know, your children are usually the losers when their parents separate. They are deprived of the full time, proper guidance that two parents can give—guidance and direction essential to their moral and spiritual growth. Although there is probably some bitterness between you, it should not be inflicted upon your children. In every child's mind there must and should be an image of TWO good parents. Your future conduct with your children will be helpful if you will follow these suggestions:

1. Do not poison your child's mind against either their mother or father by discussing their shortcomings.
2. Do not expose your children to any member of the opposite sex with whom you may be emotionally involved.
3. Do not use your visitation as an excuse to continue arguments with your spouse.
4. Do not visit your children if you have been drinking.
5. Do not visit your children at unreasonable hours.
6. Do not fail to notify your spouse as soon as possible if you are unable to keep your visitation. It's unfair to your children to keep them waiting — and worse to disappoint them by not coming at all.
7. Make your visitation as pleasant as possible for your children by NOT questioning them regarding the activities of your spouse and by NOT making extravagant promises which you know you cannot or will not keep.
8. The parents with whom the children live must prepare them both physically and mentally for the visitation. The children should be available at the time mutually agreed upon.
9. If one parent has plans for the children that conflict with the visitation and these plans are in the best interests of the children, be adults and work out the problem together.
10. Always work for the spiritual well being, health, happiness and safety of your children.

Dear Mr. Elliot: I deeply appreciate your sending on the "Ten Commandments." In my opinion they are solid, sound and if faithfully followed, should prove beneficial to the blameless victims of broken homes. I applaud you for a job well done. —Sincerely, Ann Landers

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

Boyle's Cat Tired of Hearing:

By HAL BOYLE

NEW YORK (U) — Remarks a cat gets tired of hearing: "What good is a cat anyway? I never heard of one giving up its life for its master."

"Scat, Pomfrey! Get off the sofa this very moment."

"You hear a lot about watchdogs, but never anything about watchcats. If robbers ever came into our house, Pomfrey would probably lead them to the loot."

"If that cat scratches one of the children again, I'm going to throw him out the window — and I really mean it."

"Mama! Mama! This time Pomfrey bit me — and I hardly even touched his old tail. I wasn't pulling it at all."

"He gives me the creeps — always rubbing against my legs right when I'm busy trying to cook a meal."

"I wonder what he'd do if he saw a mouse? Probably run under the bed and hide."

"Daddy, the dog next door will sit up and beg for his food. Why won't Pomfrey? Is he just too dumb?"

"I read in the paper that some nutty spinster left \$50,000 to her cat. If I leave anything to Pomfrey in my will, it'll be a bill for all the furniture he's ruined."

"Oh, what is that — a cat? Please put it in another room. I

Things Dixon Talked About

10 YEARS AGO
Mrs. Franklin Sheely was in Rockford last Wednesday on business.

Mr. and Mrs. Howard Murphy are on a two week's vacation. They are traveling in the Smoky Mountains.

Dr. Carl Rosenberg of the medical staff of the Dixon State School, has gone to the University of Chicago for a three month's course of study.

25 YEARS AGO
Mr. and Mrs. Jack Maloy and children of Moline, plan to move to Dixon soon to make their home. Mr. Maloy is a member of the state highway engineers, and has been located in Moline for the past two years.

Miss Ruth Leydig was in Champaign during the weekend attending the homecoming football game in which the Illini were victorious over the Michigan "Wolverines". Shee also attended a reunion of the graduates of the University of Illinois College of Law at Dean Albert Harno's office in the campus law building on Saturday morning, and a reunion dance for Liberal Arts graduates of '34 and '35 at the Urbana Country Club in the evening. Miss Leydig was graduated from the College of Law in 1937.

40 YEARS AGO
Tim Sullivan is motoring to Palm Beach, Florida, where he will spend the winter.

Dr. and Mrs. Earl Clevidence and Mr. and Mrs. Frank Rosbrook spent Sunday at the Pines.

Miss Violet Watkins entertained a number of young people at her home Monday evening, and all who were present report an exceptionally happy evening. Games and dancing were features of the evening and were greatly enjoyed by the twenty-two young people present. Delicious refreshments were served.

75 YEARS AGO
A good wife is said to be the greatest blessing on earth; but there is one thing that beats a good wife — a bad husband.

"Shine sir, shine." doesn't apply to Dixon street lamps on a dark night. Other cities around us can have electric lights; but in the absence of moonlight, gas, such as it is, will do for us.

The rain, so long deferred, came last week and continued for several days in mild showers. It was just in time to fill up empty cisterns for winter use, improve the appearance of the river and put everything in good condition for late fall and early winter.

D. S. Horton now has a "hot soda fountain" in his drug store. It's a daisy.

A very perceptible earthquake shock was felt early Saturday morning through the southern portion of this state, as we notice by dispatches from Jacksonville, Vandalia, East St. Louis, Cairo and other points.

can't stand them. They make me so nervous."

"You mean to tell me that the cat hotel wants to charge \$2 a day to take care of Pomfrey while we're on vacation? Why, that's more than it cost me to go through college."

"I don't care if he is hungry. I'm hungry, too. You can feed him later."

"For the last time, Pomfrey, can't you get it through your thick skull that this is a scratching post? See, you put your claws here, and then you scratch. Good grief, why do I have to have the dumbest cat in the block?"

"If he really has nine lives, I wish he'd start leading a better one, right now."

"Tell Pomfrey to quit stomping around. Doesn't he realize I have a hangover this morning?"

Today in History

By THE ASSOCIATED PRESS
Today is Friday, Nov. 6, the 311th day of 1964. There are 55 days left in the year.

Today's highlight in history: On this date in 1793, the British orders in council were placed in force, directed against the commerce of neutral nations with France during the directorate and Napoleonic Wars. For a time, they nearly destroyed U.S. foreign commerce.

On this date: In 1860, Abraham Lincoln was elected President of the United States.

In 1869, the first intercollegiate football game was played between Rutgers and Princeton at New Brunswick, N.J.; Rutgers won.

In 1896, the Volunteers of America was founded in New York as a religious and philanthropic organization.

In 1941, President Franklin D. Roosevelt pledged \$1 billion in lend-lease aid to Russia, calling it essential to the defense of the United States.

In 1956, President Dwight D. Eisenhower and Vice President Richard M. Nixon were re-elected by a landslide vote.

Ten years ago — Police raided

the offices of the Algerian Nationalist Movement in Paris and other French cities.

Five years ago — A U.N. Security Council subcommittee said it had found no clear proof of charges of aggression made against Communist North Viet Nam.

One year ago — The Russians abandoned an effort to dictate terms of Allied access to West Berlin, allowing an American convoy to proceed.

New Senators Get Briefings

WASHINGTON (AP) — Like any new kid in the neighborhood, new senators have to find out the essentials.

But instead of where's the school, the candy store and who's the toughest guy on the block, they need to know: What committee posts are open, how much staff is allowed, where is my office?

Four of the five newly elected Democratic senators — Ross Bass of Tennessee, Fred R. Harris of Oklahoma, Robert F. Kennedy of New York and Joseph M. Montoya of New Mexico — were on Capitol Hill Thursday getting preliminary briefings.

The two new Republicans — Paul J. Fannin of Arizona and George Murphy of California — have not checked in for a look around. Nor has Democrat Joseph D. Tydings of Maryland.

After an informal meeting with the four who visited the capitol, Senate Democratic Leader Mike Mansfield said the Democratic newcomers in the "class of '65" are a "distinguished addition to the party."

"We're here to get instructed," grinned Bass, adding each received some "sage advice" from Mansfield.

They also got a word of greeting from President Johnson and Vice President-elect Hubert H. Humphrey by telephone from the president's ranch in Texas.

"They talked so long, I was beginning to worry about the bill," quipped Mansfield.

Harris said Johnson told him, "When I told the people of Oklahoma to send me Fred Harris, I meant it."

The 33-year-old attorney who beat former football coach Bud

Wilkinson also said the President claimed he was worried about the Oklahoma returns until he found out the rural vote was not in.

Felton Johnson, secretary of the Senate, and his staff advise the new senators about things they'll need to know such as staff, quarters, printing and so forth.

The following ladies furnished and served food for three workers, Mrs. Roy Hicks, Mrs. Albert Allen, Mrs. Harold Peach, Mrs. Charles Kerchner, Mrs. Roland Hicks, Mrs. Wayne Levan and Mrs. Ed Hoyle.

Many neighbors came in and put their crops in during early spring.

Study New Law

CHICAGO (AP) — Officials are considering laws to make bars across apartment windows illegal after such bars were blamed for five of nine deaths in a fire Wednesday morning.

Athlete Mails Self Home; C.O.D. at That

SYDNEY, Australia (AP) — An Australian athlete had himself shipped home c.o.d. from Britain in a wooden crate because he couldn't afford a passenger ticket for the 11,000-mile flight.

Reginald Spiers, 22, of Adelaide, spent 63 hours in the slatted box without food or water, Sydney newspapers reported. Friends and relatives in Adelaide confirmed the story today.

The accounts said a friend nailed up the box Oct. 17 in London and Spiers landed at Perth Oct. 20 on an Air India flight, then hitchhiked 1,800 miles to Adelaide.

"There was enough space between the planks to give me air and allow me to pee out," he said.

An Air India spokesman said an empty wooden crate big enough to hold a man was found today at the air cargo depot in Perth. Sent c.o.d., it was consigned to a non-existent shoe factory at a non-existent address.

Sydney newspapers said Spiers, a 170-pound javelin thrower, worked his way to London by ship in hopes of winning an Australian Olympic team berth in trials but failed and, because he was broke, seized on the idea of flying home in the crate.

He gave notice to Air India that he wanted to consign a crate of plastic emulsion to a

Perth firm. He said he climbed inside the box Oct. 17 and friends drove him to the airport.

At Bombay, he was taken out on a forklift, held aloft, then manhandled into another Boeing 707 "and soon we were flying again."

Spiers said "The crate was dumped in a shed and after a few hours I decided to break out."

He crawled out dizzy and weak, he said. After resting awhile, he cut his way through a wire mesh door and hitchhiked home to his wife and daughter in time to attend a brother's wedding.

Spiers said the crate with him inside weighed about 500 pounds and the freight charge was about \$950. That is \$280 more than the passenger fare, but passengers can't travel c.o.d.

"As far as I know, no freight payment has been collected on this consignment," said the Air India spokesman.

Keating To Remain Active in Politics

WASHINGTON (AP)—Despite his defeat in last Tuesday's election, New York's Sen. Kenneth B. Keating intends to remain active in politics.

"I've no plans to seek another elective post," the 64-year-old Republican said in an interview in his Washington office, "but I'm not going to retire."

His plans are still up in the air and he's in no hurry to rush them now. He expressed hope they might include some form of government service.

First, however, is an extended vacation on St. Thomas in the Virgin Islands beginning Sunday.

The white-haired senator was defeated by Democrat Robert F. Kennedy in an election which saw President Johnson carry New York State in a massive landslide. Johnson won New York over Sen. Barry Goldwater by more than 2.6 million votes. Kennedy bested Keating by about 650,000 votes.

Keating feels that he ran a good race and said he was gratified by the record number of New Yorkers who split their tickets to vote for him.

He harbors no ill feelings toward Kennedy and has already agreed to brief the former attorney general on New York congressional matters when he returns from the Caribbean.

Both were members of a delegation which appealed Thursday at the Pentagon for continued operation of the Brooklyn Navy Yard.

Keating, who appeared relaxed and in good spirits after more than two months of intense campaigning, said he felt good but had lost 11 pounds since the early part of September.

After he leaves office in January, he plans another extended vacation when he hopes to decide his future.

Keating said he has already had some "friendly feelers" but declined to say who they were from or what type of work they involved. He expressed hope that some form of public service might lie in his path but said he

had had no contact with administration leaders about this possibility.

He doesn't count out returning to the practice of law and said he'd also like to help the Republican party rebuild itself in a moderate image. He talked of no specific role for himself, however.

Keating's 18 years of congressional service — six in the Senate and 12 in the House — entitle him to a pension in excess of \$10,000 a year.

OVER and UNDER

By JIM BLUBAUGH
Telegraph Sports Editor
We wish to make two apologies.

The first is to the 1957 Dixon High School football team, which compiled a record of five wins, two losses, and one tie.

In two earlier stories this year, we reported that the 1958 Duke team was the last to win three straight games—which is true. We also reported, however, that the 1937 Duke team was the last to win four straight—which isn't true.

When we checked the records (on microfilm), time was a factor; thus, only Saturday papers were checked because football games are normally played on Friday nights.

But, due to the flu, a Duke game, scheduled for a Friday night, was played on Wednesday, causing us not to see it and the Dukes' season-ending four-game winning streak.

Our second apology goes to this year's Duke team. For we gave it a special incentive to win, only to abruptly take it away because of an unintentional error.

Yet, we believe that this incident will probably not affect the Dukes' play against Rock Falls tonight. We have gained much faith in this year's Dixon High School footballers; for they have felt the winning spirit and wish it to continue.

This year's squad has started the Dukes back on the road to better football; it needs no special incentives for tonight.

Rockets Favored
Primarily because of injuries and previous records, the Rock Falls Rockets are favored over the Dukes tonight.

The Rockets have a 6-1 record and the home field advantage, besides meeting a team that has some key men injured.

However, we feel that the Dukes will give the Rockets a pretty good run. Last year, Rock Falls downed Dixon, and there is a revenge factor, plus the fact that the Dukes would like nothing better than to end their season with a victory.

To set the record straight, if the Dukes win it will be their fourth straight, tying the 1937 and 1957 Duke teams.

Next Fall
Besides seeing the Dukes win a

North Central Illinois Conference football title next year, we would also like to see one other football improvement.

We feel that it would be beneficial if tackle football were started in the lower levels, somewhere around the sixth or seventh grades, or even lower.

Tackle football is more expensive than the present flag type, but from conversation with some lower grade coaches, it is possible that some equipment is already available, which would somewhat eliminate this problem, although not completely.

Although some people won't believe this, tackle football is safer than flag, especially increasing the safety factor as a boy grows older.

Too many Dixon High School football players still tackle as if they are reaching for a piece of cloth, and fail to block properly because flag fundamentals are different. Almost any coach will tell you that tackling and blocking are easier to teach at earlier ages, as are grammar, languages, and math. A player who lacks the proper knowledge of fundamentals in high school is more likely to get hurt!

True, there will be some injuries in tackle football in the lower grades, but when properly supervised, there will be as few, if not fewer injuries, than in flag football.

Watch a flag game sometime and see the dangers; the boys have no equipment, there are flying elbows and knees and feet which can seriously harm an unprotected player. Most of all, though, tackle football at an early age helps lessen the danger when a boy is in transition between flag and tackle football, allowing him to play and enjoy the game properly.

Perhaps it may surprise you, but my only doubt about having tackle football for the younger boys concerns emphasis. This corner does not believe that sports should be overemphasized. However, in general, our younger boys want to play football, which is only normal.

Let's allow them to learn it and play it and enjoy it properly and more safely with tackle football.

This is not overemphasis. It is only common sense.

Watch Out!

There aren't many hunters perched in their blinds that are as lucky as Lafayette Connor of Webster, Wis. Most duck hunters set out wooden decoys and toot duck calls. Connor simply brings along his pet wood duck, Woody. But he only does it when there are no other hunters around. He wouldn't want Woody winged.

Dukes, Rockets To Play Tonight

Tonight, the Dixon Football Dukes see their final action of 1964, taking on a fine Rock Falls Rockets crew at Rock Falls, in a non-conference tilt.

Rock Falls is the favorite for the contest, primarily because it has compiled a 6-1 season's record, is playing at home, and isn't plagued by injuries as much as the Dukes.

The Dukes have 3-4 record this year. They lost their first four games to teams which now have a combined 24-2 record.

If the Dukes can win, they will have a four-game winning streak, the best a Duke team has done since 1957.

Offensively, Head Duke Coach Chuck Vail plans to start Randy Wallick and Dick Barnhart at the ends; Dennis Steder and Randy McKamey at the tackles; Brad Weigle and Gary Smith at the guards; and John Michel at center.

In the backfield, Rick Wallick will be at quarterback, with Bill Buzard and Greg Kelchner holding down the halfback slots. Larry Hartzell is the scheduled starter at fullback.

Twenty-three seniors will be playing their last game, with two seniors not on the availability list this week. They are Al Fane and Bob Shomaker.

This year's Duke co-captains were Randy Wallick and Gary Smith.

Wesleyan in Final CCI Play Saturday

CHICAGO (AP) — Illinois Wesleyan ends its College Conference of Illinois campaign Saturday at North Central and a victory would mean its first championship in more than a decade.

Wesleyan, with a 25-14 triumph over winless North Park last week behind the running of Dick Raab, boosted its season mark to 7-0 and remained the only unbeaten, untied college team in the state of Illinois. It has a 5-0 CCI record. North Central is 2-3 in the conference.

Augustana, 3-1, is the only team with a chance to tie Wesleyan if the Bloomington school should lose Saturday. Augie invades Milledgeville (1-3-1).

Rounding out the CCI slate, Carroll (2-2-1) is at Carthage (3-2), the dethroned champion. Western Illinois, after downing Northern Illinois 20-7, takes its 2-0 Interstate Conference lead to Illinois State (1-2) while Central Michigan (1-2) is at Northern (2-1).

In non-conference firing, Eastern Illinois is at Ferris State, and Lake Forest at North Park. Monmouth is at Coe and St. Olaf at Knox in Midwest Conference action.

In other games, Parsons is at Bradley, Southwest Tennessee at Principia, Elmhurst at Concordia, Rose Poly at St. Procopius, Chicago Illinois at Illinois College and Eureka at Northwestern College.

Saturday at 8:30 a.m., the Dukes, coaches and Booster Club members will go to the Northwestern-Wisconsin football game. Some seniors will not make the trip because of ACT tests.

On Monday the Booster Club is sponsoring a Pizskin Potluck for football and cross-country participants and their parents.

The Potluck will be at the high school cafeteria with Ray Eliot the scheduled guest speaker.

LA Pitchers ERA Leaders

NEW YORK (AP) — Dean Chance of the Los Angeles Angels and Sandy Koufax of the Los Angeles Dodgers, leading candidates for the Cy Young Award as the majors' outstanding pitcher in 1964, each has another credit mark next to his name today.

Chance captured the American League earned run championship with a 1.65 average the past season while Koufax won the NL crown for the third straight year with a 1.74 mark, figures compiled by The Associated Press revealed.

Koufax posted the lowest National League ERA since Carl Hubbell of the New York Giants finished with 1.66 in 1933. Chance's average was the AL's lowest since 1943 when Spud Chandler of the Yanks wound up at 1.64.

Chance won 20 games and Koufax 19. The Dodgers' ace southpaw was sidelined for the final six weeks of the campaign. He worked 223 innings, 61 more than required to be eligible for an earned run title. He was the ERA leader in 1962 with 2.54 and in 1963 with 1.88.

Tables Turned for Pitt, Notre Dame Saturday Tilt

By The Associated Press
What a difference a year makes.

Just 12 months ago, Pittsburgh was sniffing bowl country, that promised land for college football's top teams. A bowl bid was the remotest thing imaginable for Notre Dame, struggling along in what was to become a 2-7 season. Pitt's 27-7 victory was hardly unexpected.

Saturday the tables will be turned. The Panthers and Irish clash again but this time it's Notre Dame riding the crest of an unbeaten season and No. 1 in the country while Pitt sports an undistinguished 2-3-2 record.

What happened in the 365 days? Well, for one thing, Pitt lost a top runner in Paul Martha and for another Notre Dame found a top coach in Ara Parseghian.

Does the turnaround extend to bowl talk too? Among the bowl promoters the answer is a resounding yes but out in South Bend, Ind., it's a just as loud no.

Although more than one bowl would love to snare an attraction like Notre Dame, Athletic Director Ed Moose Krause put a damper on the dialogue Thursday.

"Notre Dame's policy will remain the same as it has been since 1925," Krause said.

"We're not going to any bowl game."

Krause seems adamant but there are other teams that aren't exactly hiding from bowl scouts. Take Alabama and LSU for example.

Bear Bryant's Crimson Tide has rattled off seven straight victories in spite of an injury to star quarterback Joe Namath. The Tide is third in this week's Associated Press rankings.

LSU, No. 8, is coached by a former Bryant pupil, Charlie McClendon, and has just the kind of grudging defense a team needs to have a chance against "Bama's" high powered offense.

Their game at Birmingham should produce a bowl bid for the winner.

The weekend's college fare gets started tonight with two games. Tulane visits Miami of Florida and Virginia Military plays at Detroit.

In Saturday's other major games, Ohio State, which dropped to second after a close call against Iowa, plays Penn State; No. 4 Arkansas meets Rice; fifth-ranked Nebraska takes on Kansas; Texas, No. 6, plays Baylor; seventh-ranked Georgia Tech meets Tennessee; Florida No. 9, takes on Georgia and No. 10 Purdue plays Michigan State.

SPORTS BRIEFS

NEW YORK (AP) — An Australian challenge for the America's Cup in 1967 has been accepted by the New York Yacht Club.

Australia's second Cup challenge, issued after U.S. defender Constellation defeated Britain's Sovereign in September, was accepted Thursday by the Board of Trustees of the N.Y. Yacht Club.

The United States has held the Cup since 1851.

PROVIDENCE, R.I. — Edward C. Foster, one of the country's best-known boxing officials in the 1920s, died Thursday. He was 87.

Foster was Rhode Island's first boxing commission chairman and a former president of the National Boxing Association, now the WBA. He was associated with the sport until his retirement in 1948.

LOS ANGELES — The Los Angeles Lakers have moved into a tie with the St. Louis Hawks in the Western Division of the National Basketball Association.

The Lakers matched St. Louis' 5-3 record Thursday night by defeating the New York Knickerbockers 106-96 in Los Angeles. It was the only game scheduled.

ATLANTA — Bobby Jones, one of the most famous golfers in the sport's history, planned today to leave the hospital where he has been treated for three fractured ribs suffered in a fall at his home.

Jones is confined to a wheel chair. He suffered the fall as he wheeled himself to his television set and attempted to move his chair back.

Jones said he was doing fine. "I don't feel anything at all. It's very minor."

Hank Bauer Named AL Manager of Year

NEW YORK (AP) — Hammerin' Hank Bauer, whose Baltimore Orioles almost nailed down their first American League pennant in a torrid battle with New York and Chicago, was named the circuit's Manager-of-the-Year today. He won by an overwhelming margin over Al Lopez of the White Sox and Yogi Berra of the victorious Yankees.

Bauer drew 53 votes from among the 83 baseball writers participating in the annual Associated Press poll. Lopez was named on 19 ballots and Berra on eight. Bill Rigney of the Los Angeles Angels collected the other three.

"I'm very flattered," Bauer said at his Kansas City home. "This is quite an honor."

Bauer took over a fourth place club from Billy Hitchcock last season and directed it to first place at the All-Star break. The Orioles were No. 1 for most of the season's second half, finally succumbing to the Yanks, who came on strong to win by one game over Chicago.

The Orioles finished third, two games behind New York and 12 in front of fourth-place Detroit. Bauer, a former Marine and star Yankee outfielder, helped bring out the best in two rookies, pitcher Wally Bunker and outfielder Sam Bowens. Bunker won 19 games and Bow-

Hank Bauer

ens slammed 22 homers and drove in 71 runs.

The past season was Bauer's third as a big-league manager. He piloted the Kansas City Athletics in 1961 and 1962, moving to Baltimore as a coach for the '63 campaign.

Gene Mauch, who led Philadelphia to its highest standing in 14 seasons, a second-place deadlock with Cincinnati, was named AP's National League Manager-of-the-Year earlier this week.

Free-Agent Draft for Big League Baseball?

PHOENIX, Ariz. (AP) — The major league club owners set machines in motion today for adoption of a free-agent draft, a vote on a commissioner to succeed the retiring Ford Frick and the establishment of a central building to house all major baseball officials.

All three plans were thoroughly discussed Thursday at the opening of a three-day summit meeting that Frick called the most-important and potentially far-reaching in the history of the game.

The free-agent draft, recommended by the general managers, would be similar to that used by professional football in selecting players from the college gridiron ranks. If adopted, the plan would go into effect in 1965.

The new commissioner will be elected at the 1965 major league All-Star meeting and will take office two months before Frick's term expires next September.

The general feeling at the meet-

ing was that the next commissioner should be a man outside of baseball who has judicial and or executive background.

Each club owner was asked to send one or more recommendations to a three-man screening committee consisting of Frick and one club owner from each circuit. The club owners were not named.

The committee would then trim the list to three leading candidates who would be presented to the club owners for a vote.

The owners, upon Frick's urging, agreed to either erect or lease a building called "Baseball" either in New York, Chicago or Los Angeles to house the commissioner, the two league presidents and the head of the minor leagues.

"More and more it has become necessary for a closer liaison between the commissioners, the league presidents and the head of the minor leagues," said Frick. "The present procedure is costly in money, in time and in efficiency."

A five-man committee consisting of Frick, league presidents Joe Cronin of the American and Warren Giles of the National and a club owner from each league was appointed to map out plans.

The free-agent draft, if approved at the joint session here Saturday, would be brought up for adoption at the annual winter meetings in Houston next month.

If adopted, it would replace the first-year player rule which has been in effect since 1961.

Upsets May Hit Big Ten

By CHARLES CHAMBERLAIN
Associated Press Sports Writer
CHICAGO (AP) — This could be upset Saturday in Big Ten football, and Purdue and Michigan especially should be wary.

Purdue, with a 4-0 conference mark, takes its hopes of a championship and first Rose Bowl trip to dangerous Michigan State 2-2. Michigan, also in the running with 3-1, is host to Illinois 2-2 and another loss would drain title aspirations.

Ohio State's second-ranked Buckeyes, co-leaders of the Big Ten with Purdue, risk nothing but prestige in entertaining Penn State, whose Nittany Lions hold a 3-0 edge in the intersectional series.

In other conference action, Iowa 1-3 is at Minnesota 2-2 and Wisconsin 1-3 at Northwestern 1-4. Indiana is at Oregon State, which is unbeaten since dropping its season opener at Northwestern 7-3.

Purdue, clearing a big hurdle by defeating, defending, champion Illinois 26-14 last week, is an even choice against improved MSU according to oddsmakers. The Spartans seem to have jelled the last several weeks in ripping Northwestern 24-6 and Wisconsin 22-6.

One of the big reasons is the blossoming of senior Dick Gordon into the Big Ten's top running halfback. In the last two games he has streaked 304 yards.

It's the battle of the coaching brothers at Michigan. Illini Pete Elliott never has been able to defeat Bump of the Wolverines in four previous meetings. Michigan leading the nation in rushing, is a seven-point choice.

Iowa, whose passer Gary Snook and receiver Karl Noonan are on record paces, is a three-point underdog at Minnesota. Despite Snook's torrent of aerials, the Hawkeyes have dropped their last three starts. But last week they threw a 21-19 scare into Ohio State and previously held Purdue to a 19-14 squeaker.

Northwestern, trying to break a five-game losing string before a homecoming throng, has its leading scorer, fullback Steve Murphy, off the shelf and is a three-point favorite over Wisconsin. The Badgers have absorbed maulings from Ohio State and MSU the last two weeks.

In other games, Oregon State is favored by six points over the Hoosiers, the Buckeyes are 14 over Penn State and topranked Notre Dame is favored by 20 at Pittsburgh.

Georgia Coach Is More Interested in History

ATHENS, Ga. (AP) — If the librarian at the University of Georgia was shaken when the university's new football coach walked in and asked for a guided tour, what do you think the professors will think when the coach shows up for class?

Vincent Joseph Dooley didn't see anything unusual about his interest in the library, but the speechless librarian, W. Porter Kellam, hadn't been around many football coaches who behaved in this manner.

Kellam was soon to find out, however, that the 32-year-old Dooley is as much a man of letters as he is of the rough-and-tumble world of college football. Now Dooley says he may return to the classroom to study more about his first love—history.

A visit to this young coach's of-

fice reveals that one deep file drawer in his desk is filled with leaflets and data about places of historic interest. His present reading material consists of a book about Georgia and another about Germany in the time of Adolf Hitler.

Dooley was graduated from Auburn in 1954 and then spent two years in the Marine Corps, from which he was discharged as a captain in 1956. He immediately returned to Auburn and earned his master's degree in history. He received the degree in 1963 while a member of the school's football coaching staff.

His master's thesis, on Jeffersonian Democrats in Alabama in the 1930s, was considered of doctoral quality by the men who graded it. It also put Dooley at the point of decision — whether to

teach history or coach football.

"I tried to look at the thing with a long-range plan — from the money standpoint, the security and all that," he said. But before Dooley could settle back with his pipe to study and teach history, one of his long-time friends, athletic director Joel Eaves of Georgia, tapped him for Georgia's head coaching job.

Dooley has coached the Bulldogs to a 4-2-1 record thus far this year and is in the thick of the battle for the Southeastern Conference championship. His job hasn't been easy; Georgia was picked to finish ninth in the 11 team SEC race.

"Football has taken all my time since coming to Georgia," Dooley said. "But I still manage to read some history every day—even if it's just 30 minutes before I go to sleep at night."

McHale First To Testify In Braves' Legal Dispute

MILWAUKEE (AP) — Milwaukee Braves? Atlanta Braves? Maybe the Bank Braves is more fitting.

President and General Manager John McHale admitted under cross-examination Thursday that the Braves used player contracts as collateral to obtain a \$3-million long-term loan from the First Wisconsin National Bank of Milwaukee.

The loan was obtained when a Chicago area syndicate headed by Bill Bartholomay, now the club's board chairman, and Tom Reynolds, the executive vice president, bought the Milwaukee franchise two years ago.

Now Bartholomay, Reynolds, McHale & Co. are engaged in a bitter legal fight over the desire to move to Atlanta. Milwaukee County is insisting that the Braves fulfill a contract to play all home games at County Stadium through 1965 and has obtained a state court order temporarily restraining the Braves from moving.

McHale was the only witness on the opening day of a hearing before U.S. District Judge Robert E. Teahan on the Braves' petition to have a federal court take jurisdiction of the legal action. The Braves claim "diversity of citizenship" because the club is a Delaware corporation and its principal business has been conducted in Chicago since Oct. 5.

McHale testified that Atlanta has offered the Braves a "satisfactory" stadium lease, but he has no knowledge of any written agreement with the Southern city.

Much of the testimony centered on the executive office move to Chicago, allegedly carried out 16 days before the club's board of directors voted 12-6 to transfer the National League franchise to Atlanta.

McHale noted that Bartholomay, Reynolds and two other members of the Braves "finance committee" live in the Chicago area. He said the committee voted Sept. 14 to move the headquarters.

Runners at State Meet

URBANA, Ill. (AP) — Defending champion Lane Tech of Chicago tops a group of 24 schools with full-team entries in the 19th Illinois High School Association cross country championship at the Urbana Country Club Saturday morning.

In all, some 200 runners from 52 schools will compete. Each school is permitted up to seven qualified entries, but only the rankings of its first five finishers count in scoring in the approximate two-mile event.

In addition to Lane Tech, the other full-team qualifiers include Alton, Belleville, Carpentersville, Chicago Harlan, Chicago St. Ignatius, Danville, Elmhurst.

Evanston, Flora, Galesburg, Harvey Thornorton, Proviso West, Glenbard East, Moline, Olney, Rich Central, Peoria Heights, Richwoods, Rochelle, Springfield, Lanphier, Springfield, Urbana, Waukegan and Winnetka New Trier.

SUMO SCHOOL

The high starch diet served in the school's dining room helps novice Sumo wrestlers add needed weight.

Hairdresser helps twist wrestler's long tresses into traditional Sumo top-knot hairdo.

Novice wrestler sets out freshly laundered cloth which is the Sumo wrestler's trunks.

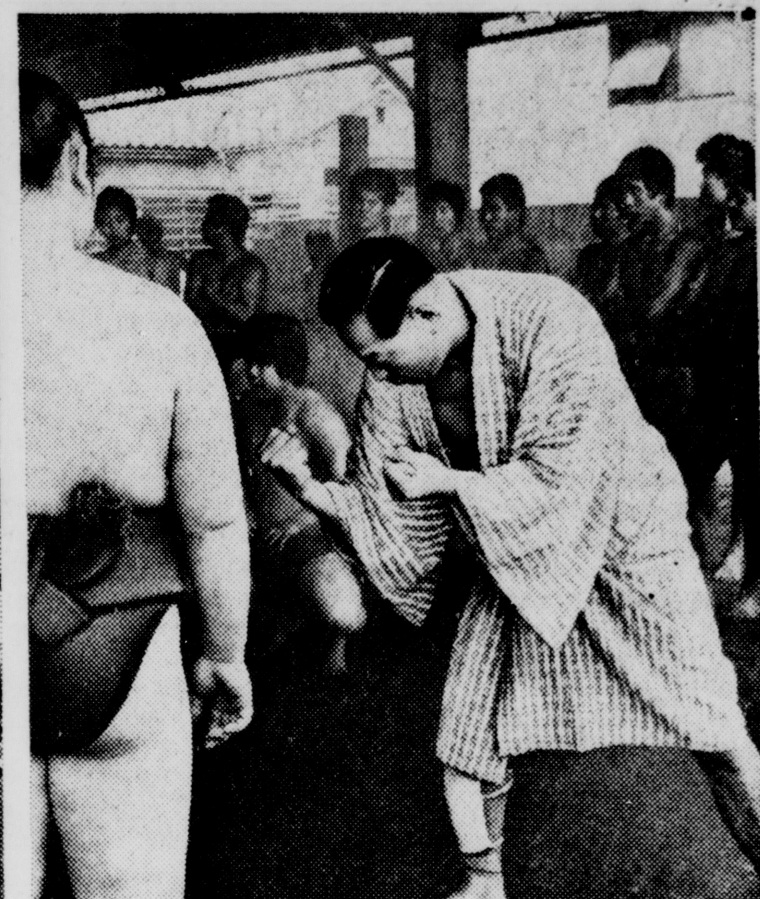

The classroom has replaced the crib as a source of manpower for Sumo, Japan's national wrestling sport.

Through most of its history—the sport dates back more than 20 centuries—Sumo was more or less a closed society. For generations, sons of Sumo wrestlers married daughters of Sumo wrestlers in the belief the mating would result in sons of tremendous bulk and power. But times have changed.

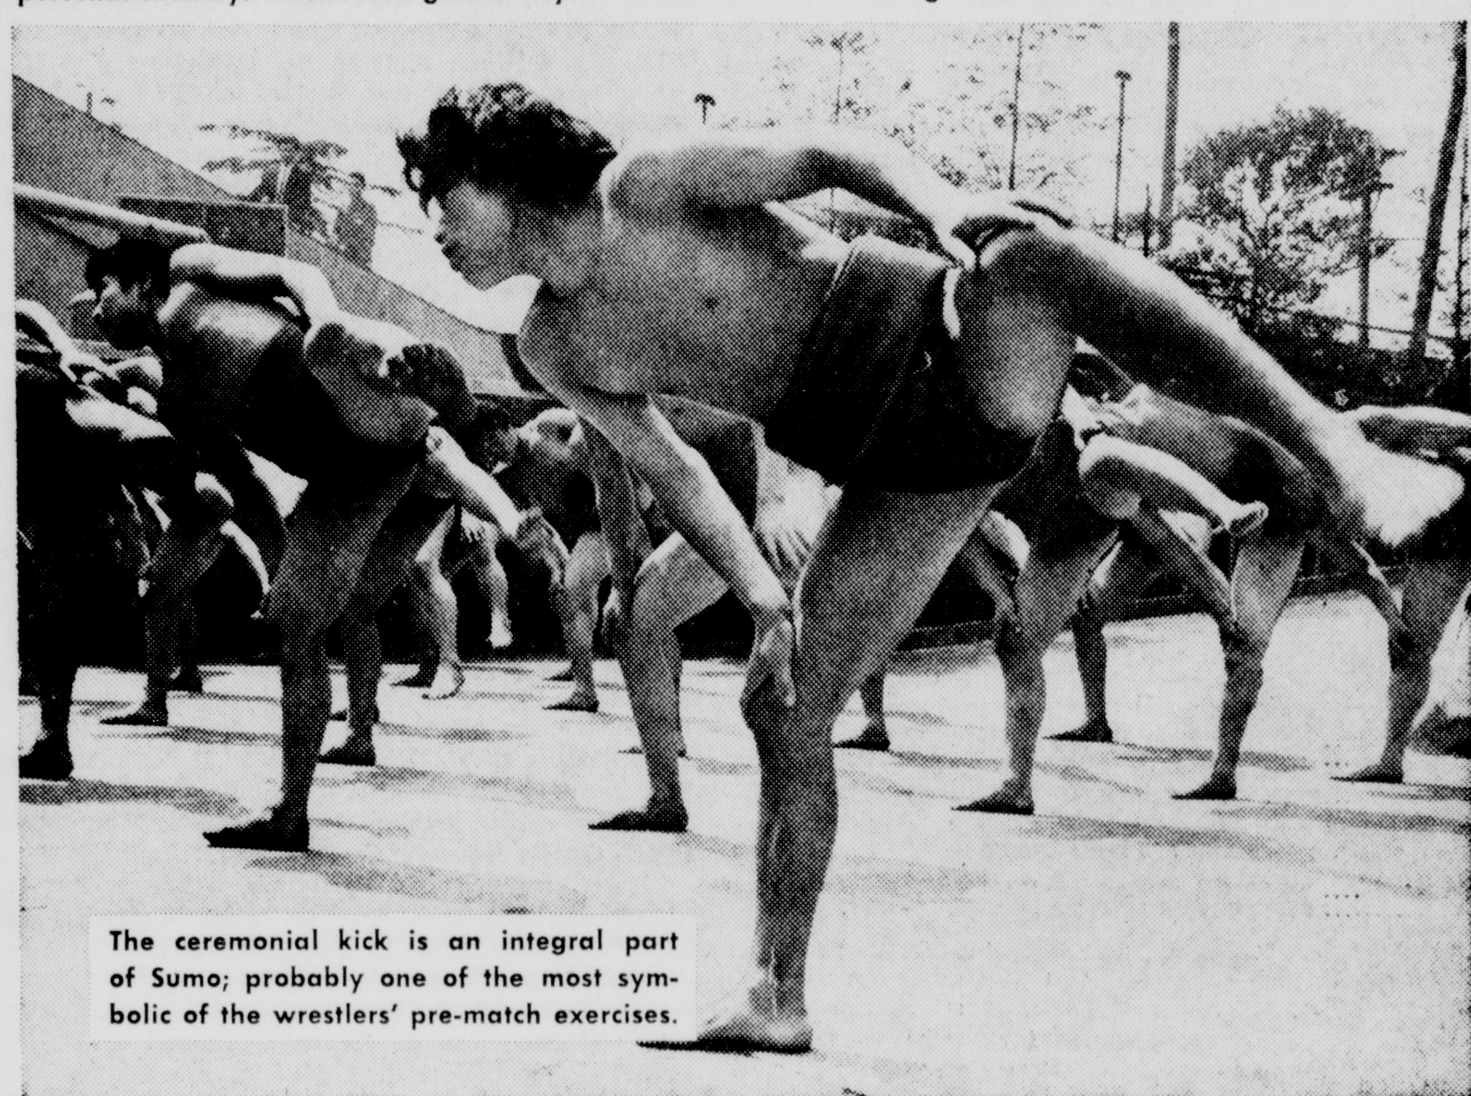

The Japan Sumo Association now has a minor league. To encourage talented hopefuls from throughout the country into the sport, a Sumo school has been opened in Tokyo under the association's auspices. The only entrance

requirement is size.

To matriculate, a student must weigh a minimum of 175 pounds. The average Sumo wrestler is 5-8 to 5-10 tall—exceptional for Nippon natives. Size in Sumo wrestling is especially important since a contestant loses the match if he is forced out of the ring or if any part of his body, except his feet, touches the ground. Ideally, a Sumo wrestler is an immovable object.

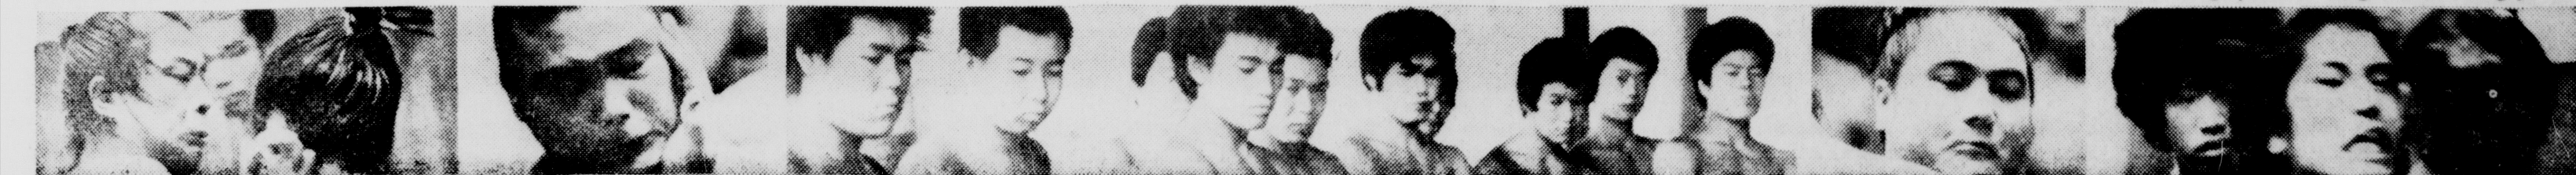

The ten-month course at the school includes lectures, basic physical exercises, training in Sumo techniques and a diet heavy on starches.

Successful completion of the course entitles the graduate to enter the ring as the lowest ranked wrestler.

While fellow students watch, heavy Sumo wrestlers grapple on dirt-covered ring. School combines training and exercise with classroom lectures on Sumo lore.

Today in Washington

WASHINGTON (P) — Unemployment in October continued at the 5.2 per cent mark, but the Labor Department reported that the monthly job figures were considerably improved over last year.

The department Thursday listed the number of Americans with jobs last month at 71.1 million — an increase of 300,000 — and the number of jobless at 3.3 million.

Compared with last October, employment was up 1.2 million and unemployment was down about 200,000.

WASHINGTON (P) — A presidential emergency board recommended Thursday that some 27,000 firemen, hostlers and helpers on approximately 160 railroads receive a two-year wage increase totaling 18 cents an hour.

President Johnson appointed the board to head off a rail strike threatened in a dispute between the railroads and the AFL-CIO Brotherhood of Locomotive Firemen and Enginemen.

A wage increase of \$1.75 per day, instead of the hourly increase, was recommended for several hundred engineers represented by the union.

Under the recommendations, the firemen's increase would be retroactive to Jan. 15 and the engineers' to June 1.

Union and management negotiators plan to meet Monday in Chicago to discuss the board's proposals.

WASHINGTON (P) — Alaska and Hawaii are the two newest states in the union, and they have the youngest populations, too.

The Census Bureau said Thursday that about 84 per cent of Alaska's population and about 79 per cent of Hawaii's are under 45. The national average is 71 per cent.

About 9.3 per cent of the nation's population is over 65. But only 2.6 per cent of Alaska's and 4.9 per cent of Hawaii's is.

WASHINGTON (P) — The White House Historical Association will publish on Dec. 2 an 80-page color book on the presidents of the United States.

The new book, an idea of the late President John F. Kennedy, was written by Dr. Frank B. Friedman Jr., a Harvard University history professor.

A half million copies are being printed. The book will sell for 50 cents with paper cover and \$1.50 in a clothbound edition. Mail orders which cost 25 cents more are being accepted by the White House Historical Assn., 1815 H St., N.W., Washington, D.C.

4-H Club DOINGS

HARMON — The Ups-A-Daisy 4-H Club met recently with Nancy and Judy Levan. The club was organized for the coming year with 19 members. Five new members joined the club. Mrs. Wayne Levan and Mrs. Robert Beattie are the leaders.

Officers elected were: Karen Levan, president; Donna Burgess, vice president; Diane Levan, secretary; Cindy Beattie, treasurer; Judy Levan, reporter; Nancy Larson and Judy Levan, Federation delegates; Colleen and Kathy Conside, recreation chairman; Nancy Levan, program chairman; Vicki Floto and Sandy Koett, scrap book chairman.

A report on the bake sale held recently was given.

The next meeting will be held with Pam Heafner on Monday.

During his major league career, Bob Feller of the Cleveland Indians pitched 12 one-hit games.

Vatican's Observer to UN Is Veteran Diplomat

By HUBERT J. ERB

UNITED NATIONS, N.Y. (P) — The Vatican's first permanent observer to the United Nations is a veteran diplomat who also describes himself as "an expert on the Holy See in World War II."

The Rt. Rev. Alberto Giovannetti, a cheerful Roman, arrived recently as the Roman Catholic Church's resident observer, following a personal audience with Pope Paul VI.

In an interview, the 51-year-old representative of the Vatican state made these points:

—It is not likely that the Vatican will take the final step toward becoming a member of the United Nations.

—The role of his mission is non-political. He will spend most of his time working with the U.N. social and humanitarian interests in fields where the Church traditionally has been active.

—The Vatican named a permanent observer at this time "because since the time of the late Pope John XXIII the Church has become more internationally minded."

The Vatican mission is the sixth to represent a nonmember state at the United Nations on a permanent basis. The others are West Germany, South Viet Nam, South Korea, Monaco and Switzerland.

Describing the Vatican's position, Msgr. Giovannetti said "we are like Switzerland, helping to further the activities of the United Nations but not as a member state because we do not want to become politically involved."

"In any event," he added, "as Pope Pius XII said, 'Catholics are the best suited to understand the universality of the United Nations.'"

Msgr. Giovannetti began his mission to the United Nations where he was the Vatican's representative to the U.N. trade and development conference.

Msgr. Giovannetti said he saw his primary duties as "reporting

to the Vatican and following closely those activities of the United Nations concerned with discrimination, protection of minorities and especially the problems of the developing countries."

Msgr. Giovannetti, who speaks French, German and English as well as Italian, has written a number of books including: "The Vatican in the War," "Rome Open City," and "The Red Book of the Persecuted Church," the last concerned with postwar oppression of Catholics.

INDIANAPOLIS, Ind. (P)—John V. Barnett, Indiana Chamber of Commerce executive, says he doesn't believe the 2 per cent sales tax will be repealed because "we will have to stay with the broad basis of approach such as it gives us." Barnett also says if the Democratic-controlled 1965 legislature enacts a graduated net income tax, new business coming into Indiana would halt.

WASHINGTON (P)—Sen. Everett M. Dirksen, R-Ill., was expected back at work today after being released from the hospital, where he was treated for a sore back.

MILWAUKEE (P)—A high school teacher defeated a university dean by 10 votes Thursday to become president-elect of the 36,000-member Wisconsin Education Assn.
